STOCK MARKET	
(By The Associated Press)	
NEW YORK, Jan. 14.—Trading in today's brief stock market was more active, and embraced a greater variety of issues than at any time of the week. Gains of 1 to almost 3 points were made by numerous issues comprising the leading industrial and specialties, but advances among rails were confined to a few transcontinentals, grangers and cotton carriers.	
From surface indications, much of the large turnover represented short covering, but observers noted substantial buying of motors and accessories as well as metals, oils, chemicals and specialties. Among the latter were Coca Cola and Wilson & Company. Sales, 450,000 shares.	
Business in bonds was in keeping with the extensive market for shares, but the trend in this quarter was mixed. Liberty 3 1/2's, for example, were under further realizing, closing at a loss of 70c per \$100. Rails and international were steadier and miscellaneous industrials were advanced. Total sales, par value, aggregated \$13,350,000.	
The better tone extended to foreign exchanges, sterling demand bills rising to the week's highest quotation. Continental remittances were firm, the Italian rate not being affected by cables announcing the suspension of a bank in Palermo.	
A loss of about \$40,000,000 in the actual cash account was the only unusual item disclosed by the weekly clearing house statement, reducing excess reserves to little more than \$16,000,000.	
Mercantile trade reviews were favorable, wholesale dry goods and similar merchandise showing greater distribution than during the same period of last year. Mail order houses also reported an expansion of business and better collections.
